

8-19-91

Charles Glenn,

Robin Kinser asked me give you a copy of  
this paper and also for you to forward a copy  
to Gary Creason.

We are still interested in knowing the current thinking  
about how contact with this group affects our current  
or future patent positions.

Thanks,

George Patton

8-29-91

As requested, we are forwarding  
to you the enclosed.

Dec Mannheim
